## Coronavirus Update - Ways to Stay informed

During this unprecedented health crisis, I keep you all in my thoughts and heart. These are challenging times, but I know we are a strong community and together, we will work through this.

All students should have received a packet of learning materials for the next two weeks. Please reach out to your teacher if you did not. Email addresses can be found at <https://pennalexander.philasd.org/faculty-staff/>

As you know the School District of Philadelphia is working closely with the City and the Philadelphia Department of Public Health to monitor the coronavirus outbreak. **The District has created a coronavirus information hub where the most up to date information can be found. You can access this site directly or from our school website, where you will find additional information specific to our community.**

PAS website is <https://pennalexander.philasd.org/>

SDP website: <https://www.philasd.org/coronavirus/>

**Please visit these sites regularly as new information will be added, such as information on meals and activity spaces during the school closures will be provided.**

We are piloting remote access through Zoom for smaller meetings. See page two for our next Zoom meeting.

Working together, we can ensure the health and safety of our community to the extent possible.

Please email me at [mwapner@philasd.org](mailto:mwapner@philasd.org) if you have any questions or concerns.

**PAS News - Season 2 Episode 6**

The WHY Media Lab students are proud to present the latest installment of PAS NEWS. In this broadcast, you will learn about our spring, musical, see a feature called "Get to Know Your Teachers," and a story about nutrition at PAS.

During these challenging times, we invite PAS families to join us in planning our activities and support.
